

Action-Packed Day At Hair Touch

That's a follow up to the post about the Pantene event at Hair Touch in Sherman Oaks a little while back. If you've been there, you may just recognize yourself in the pictures. If you haven't, too bad!

We learned plenty about the latest in Pantene's hair care products and got to try them. Deals on Hair Touch services were **irresistible**. The salon was full of regular and new customers. It was an action-packed day and a good time was had by all!
